The dawn of a breaking day. . .

. . .is only the beginning of a brand new day

People open your eyes, do what you can.

It's a chance to do your own thing

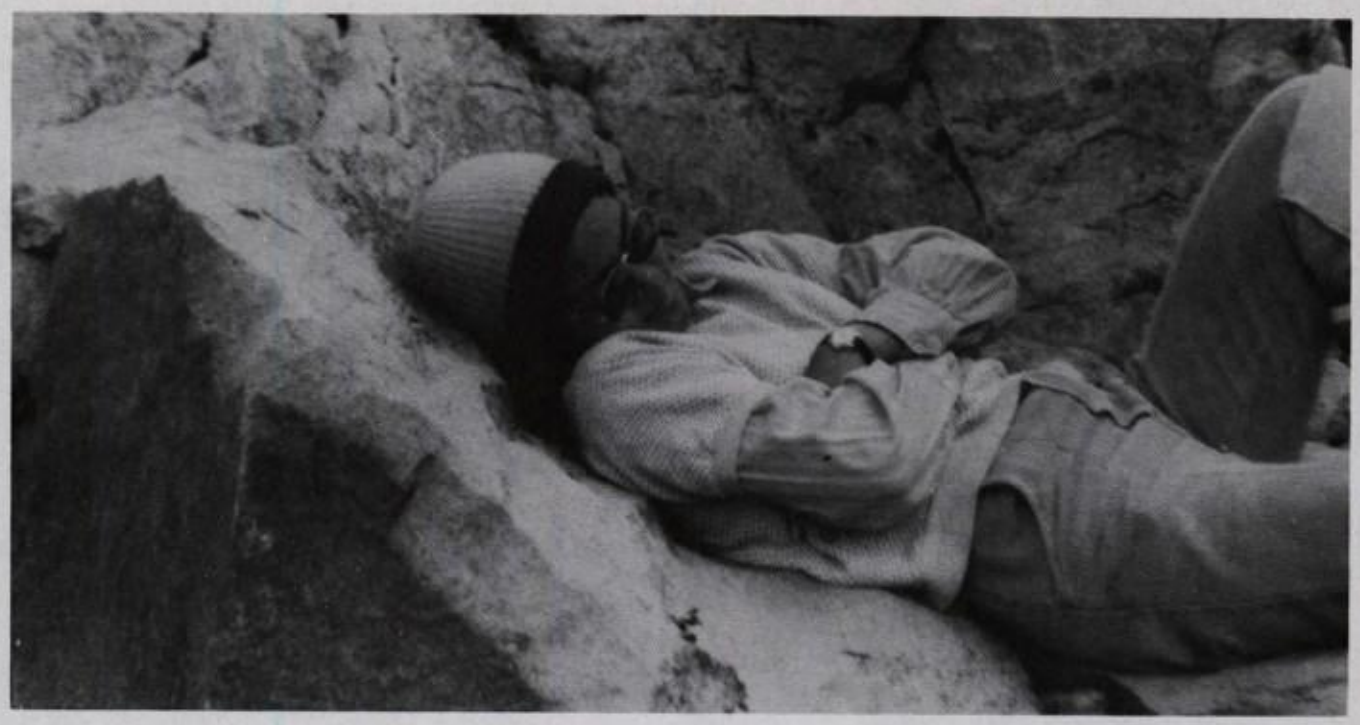
and achieve the ultimate goal.

Stones on a pebble beach like people in a crowd,

each is different but contributes to what there is.

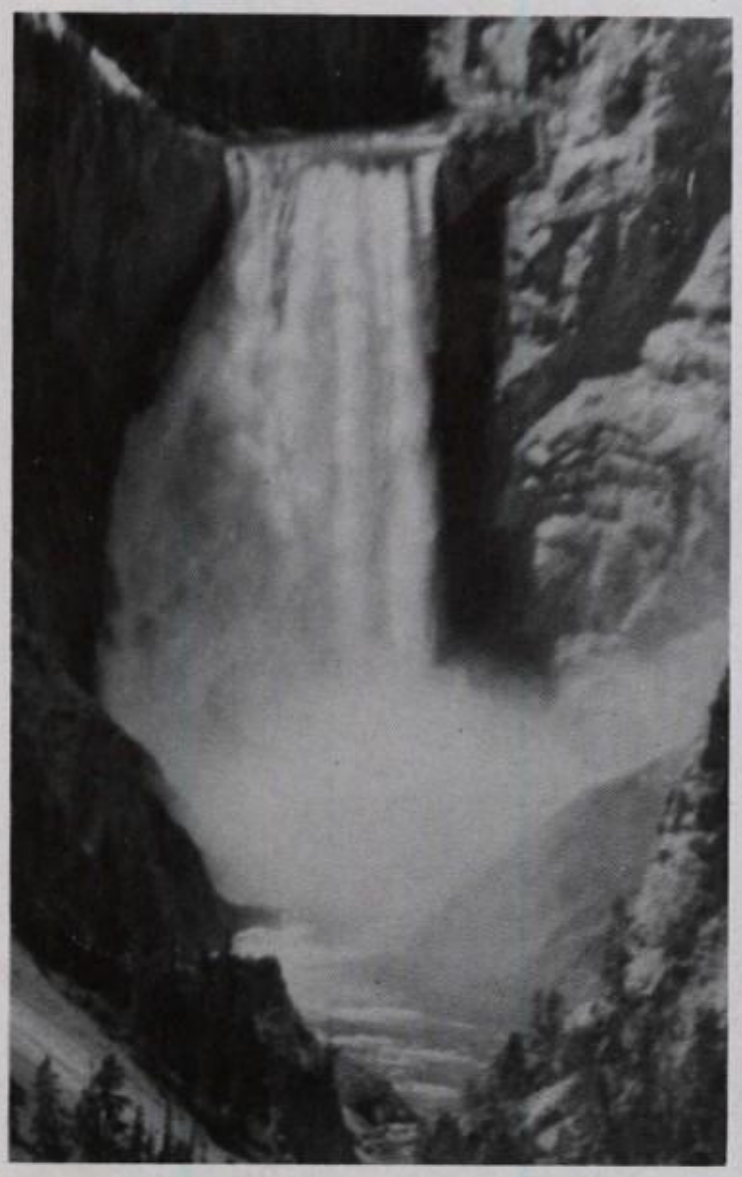
Little falls along the way, they shouldn't stop you,

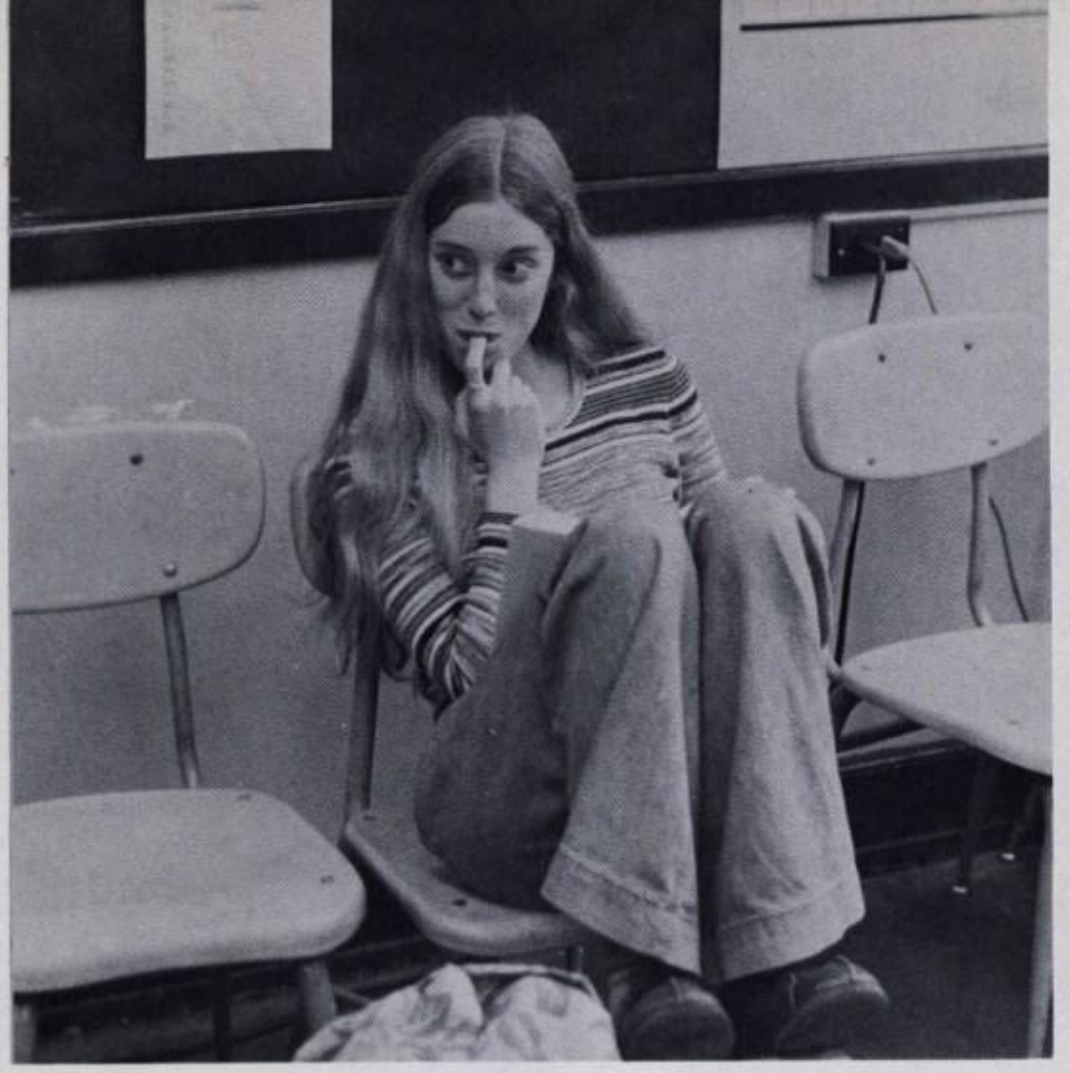
pick yourself up and keep going.



Life is too short for all your worries,

there is more to the world than you.

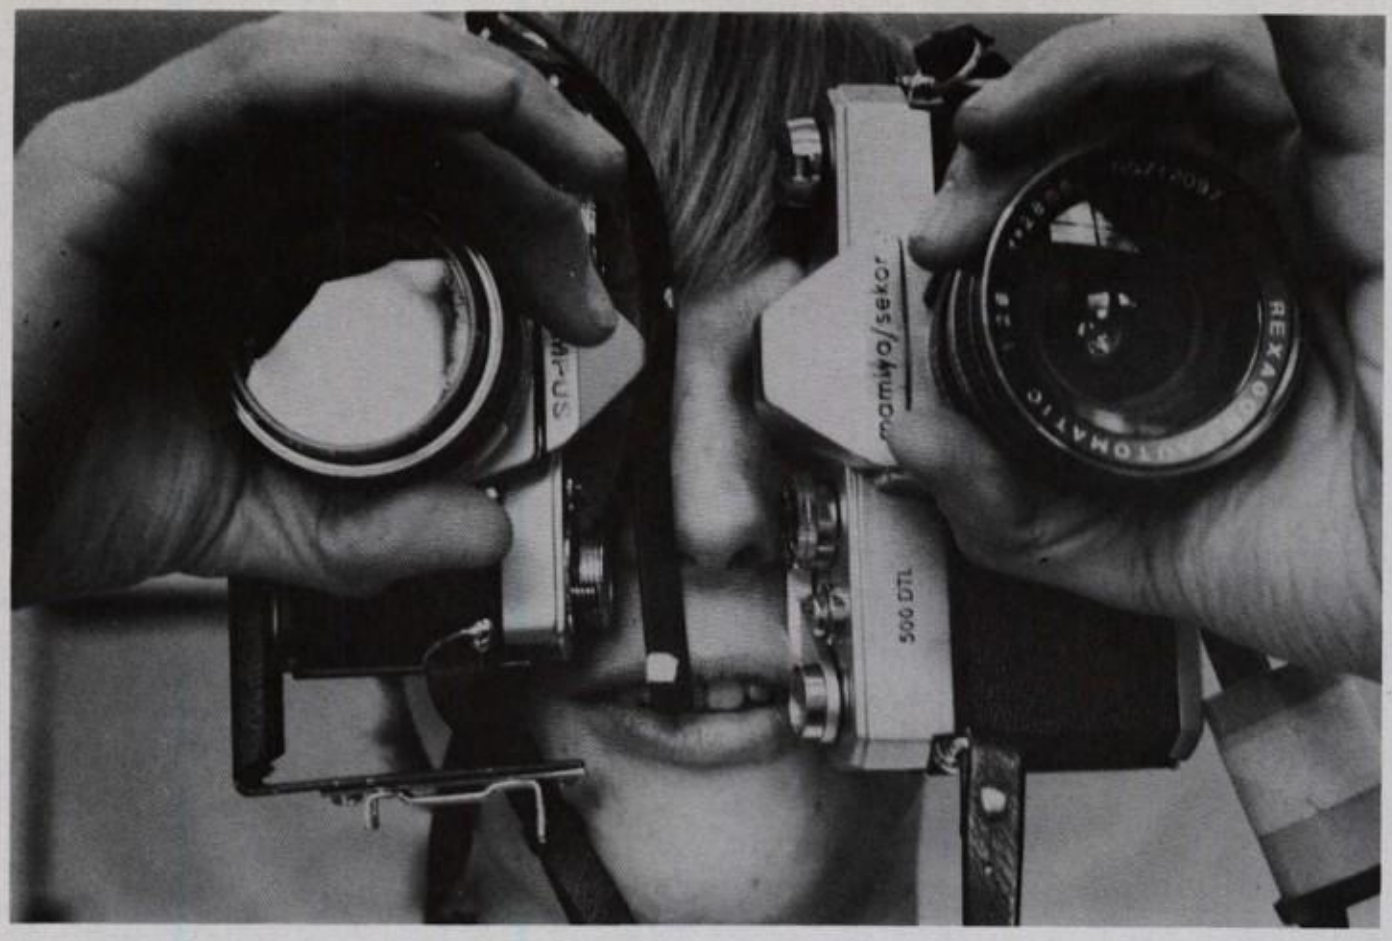




Life *is all around you there is always someone there.*

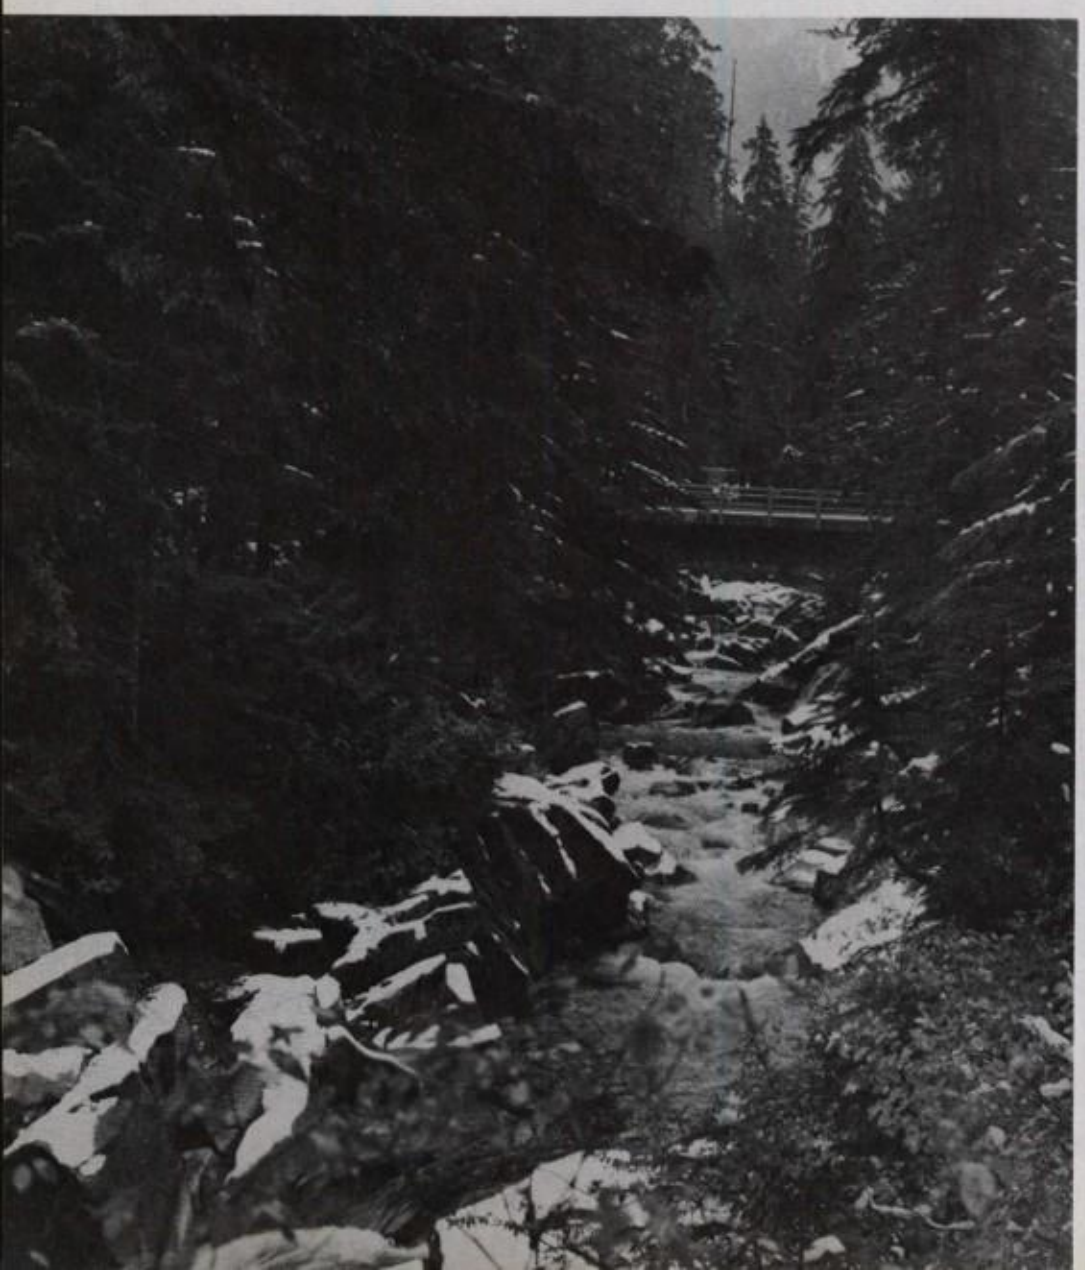
Take the time to know your neighbor,

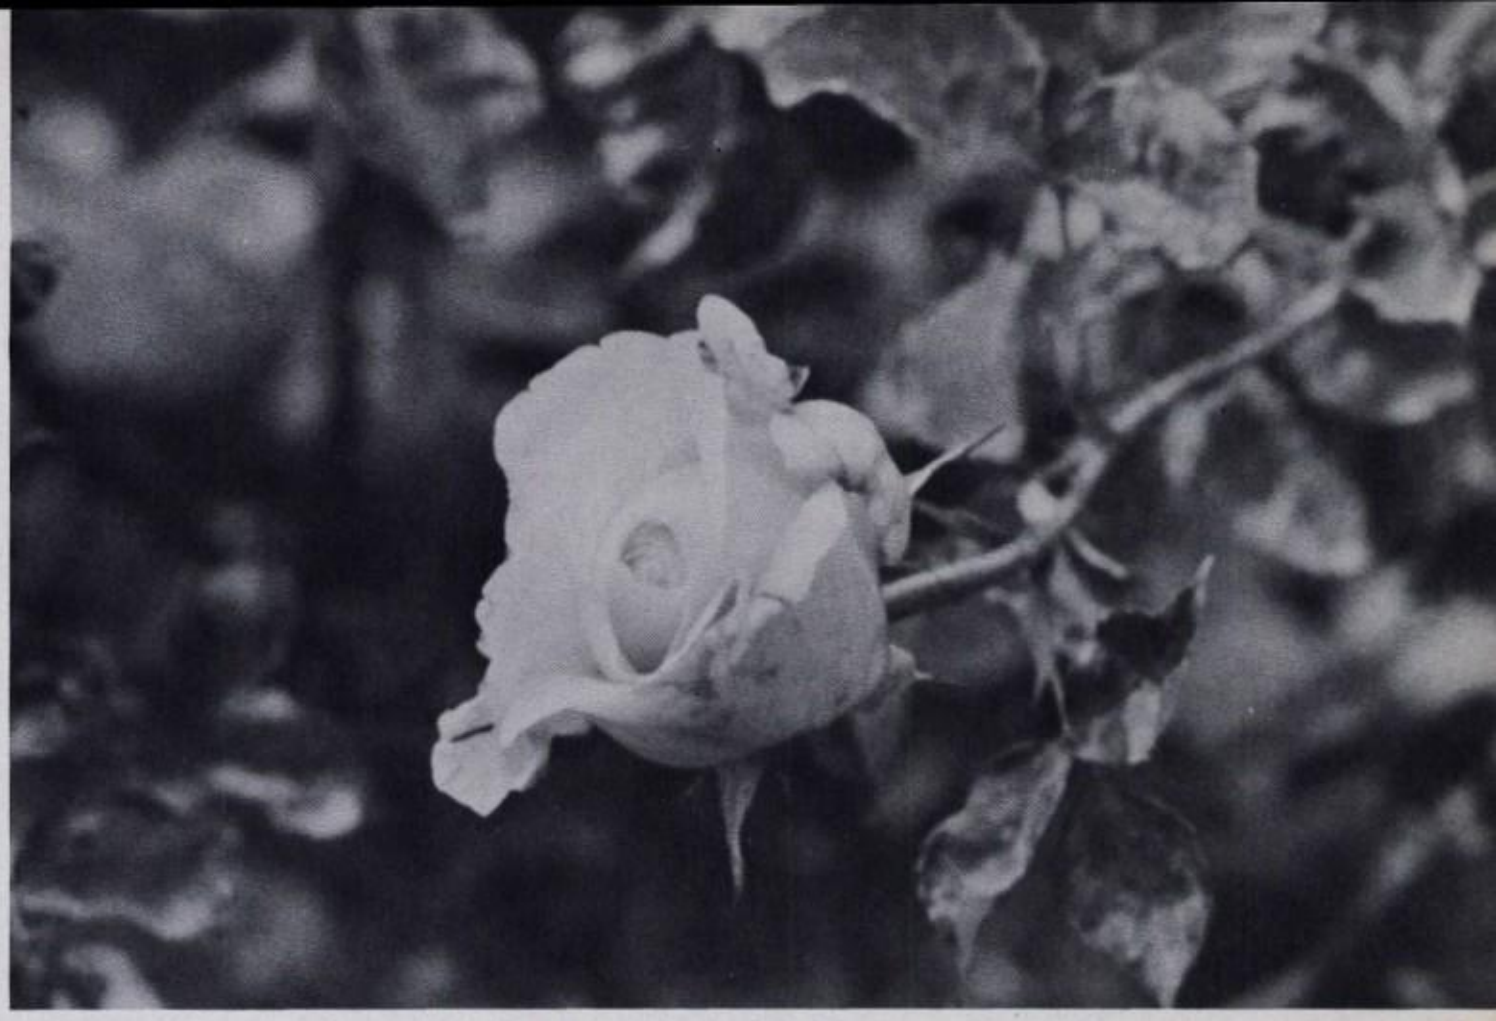
show them that you care.



People talking, looking, listening,

but do they really understand each other.





Searching, seeking, sharing our thoughts and ideas,

it brings us closer together.

A creation could never be more perfect.

ADMINISTRATION

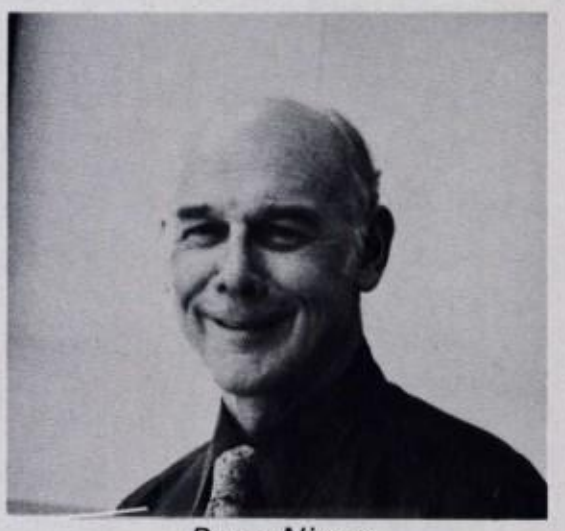
Roberta Barr
Principal

Lincoln's urban setting and the rich diversity of its students make it one of the city's most interesting high schools.

The mosaic of a student population drawn from nearly every European country, the Middle East and North Africa, Mexico and Latin America and many countries and islands of the Pacific Rim, add spice and fascination to the challenge of Lincoln.

Warren Littlejohn
Vice Principal

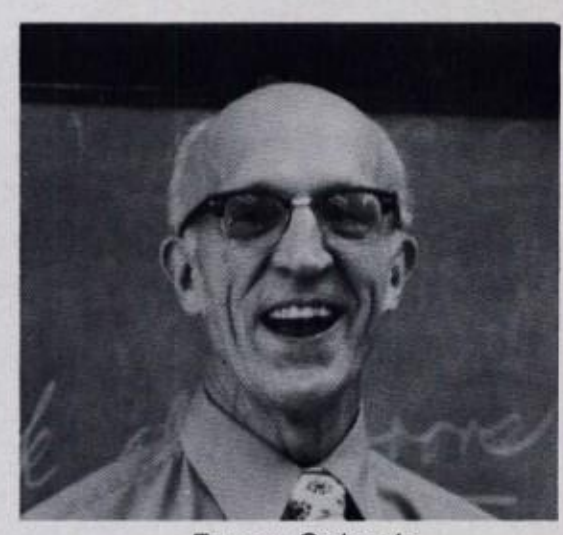
Duane Trefethen
Vice Principal



Byng Nixon
Dean of Students

Jeanne Whitt
Choice Not Chance Director

Choice Not Chance is a creative program based on a belief that students are capable of making responsible decisions and giving direction to their lives.



Ernest Scheele
Activities Coordinator

COUNSELING

Nancy Lilly
Head Counselor

Martha Russell
Counselor

Counselors provide services to students, parents and staff of Lincoln High School. We act as resource persons for career and educational planning. We try to listen and provide support during times of personal difficulty, and we make referrals to appropriate professional services and agencies when needed.

As we carry out these responsibilities, it is extremely gratifying that our work with Lincoln students continually renews our committment to involvement with young people.

The lynx had a new head coach this year in Richard Hayes. After the lynx had gotten used to their new coach's system they started to do better as evidenced by their better playing the second half of the season. With the expected switch to the South Division next year the lynx should be good next season. This year we had 2 All-Metro's and quite a few honorable mentions. The award winners at the football banquet this year were; SEASONS BEST FIND: GARY ALEXANDER, CAPTAIN: CLIFF SHELTON, MVP: BRUCE DIXON, INSPIRATIONAL: MIKE KESLER. All in all it was a good season. Watch for the lynx next year.

A year of improvement, dedication, and many miles of running. With weather conditions ranging from the blistering days of early fall to the frozen rains of the last two weeks of the season, an improved team started it's upward climb in the Metro standings. Coach Lange, in his second year, picked up the responsibility of coaching both the men and women. To build a competitive cross-country program, the '500' Club was initiated after the completed season to further develop the "minds and bodies" of the interested runners.

The ladies of Lincoln demonstrated their spirit and courage by their constant improvement as the season progressed. They went from last place with a 0-5 record, to a strong finish in fourth place. It was a pleasure watching their skill and attitude improve, and their enjoyment of a very exciting game grow.

The wrestling team had a fine season this year losing only one match in the North Division. The Lynx Grapplers came in first in the North and second in Metro, losing to Chief Sealth in the chamionship match 32-30. The Lynx came in second in the All-Metro wrestling tournament sending ten men to regionals. The Lynx expect to keep up their fine tradition with a good season next year.

The lincoln art Jepartment attempts to provide students with the opportunity to express themselves creatively in a broad spectrum of disciplines including photography, ceramics, jewelry, drawing and painting and design. Ideally, these activities will develop a feeling of aesthetic appreciation and self worth in our students.

Foreign Language

One third of Lincoln's students are struggling to learn the basics of a foreign language. At the same time, they are gaining insights into the people who speak the language and the countries in which they live.

When students finish two or three years of study they won't be a Cervantes, Goethe, Balzac, Ibsen, or Solzhenitsyn, but the students would thrive in the foreign country, and they'll know their own language better, too.

MATHEMATICS

James Corlett
dept. head

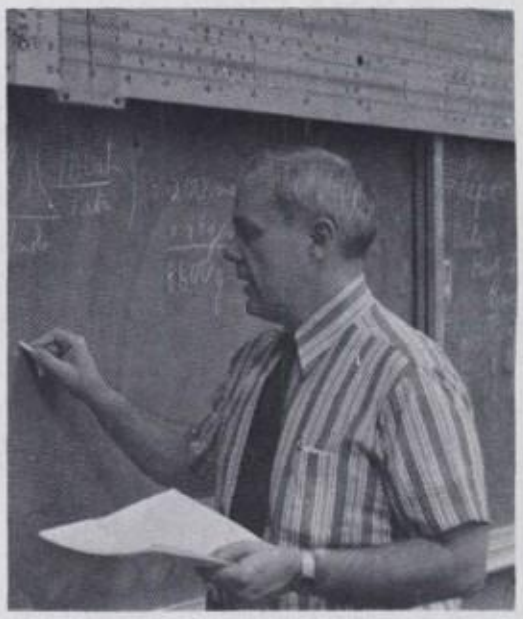
Math classes at Lincoln are designed to fit the needs of all our students. Freshmen, sophomore, junior and senior level classes are offered for the improvement of basic skills of arithmetic.

Algebra, geometry, trigonometry, calculus, and computer programming are offered for those who need them for their future plans. Honors sections are offered for those who excel in mathematics.

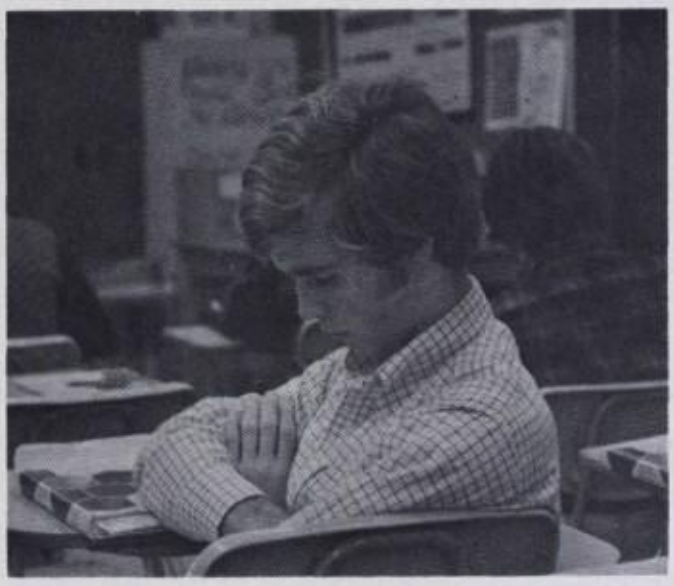
HOME ECONOMICS

Elizabeth Noyd
dept. head

This year, for the first time, Lincoln is implementing a Vocational Home and Family Life Program. The primary objective of the program is to provide learning experiences and skills necessary for survival in a rapidly changing world, whether living alone, with others, or in a Family setting. Basic courses of six areas, including human relations, child development, consumer education, housing and furnishings, clothing and textiles, and foods and nutrition, are prerequisite to specialized courses in these areas. Choices if extended learnings from these areas are carried into the daily life of the student.



SCIENCE



Louie Hamm
dept. head

The spirit of science
To experience the spirit of science is to experience the excitement of discovery through experiment, to explore the thinking of the great minds in science, to awaken to the diversity in and interrelationships among physical and living phenomena, to taste the humanness and creativeness of science activity, and to relate the traditions and values of science to the quality of life possible through man's use of science.

The BSU participated in many things this year at Lincoln, and became one of the most recognized groups in school. Their long hard work included the Martin Luther King, Jr. Assembly, the annual BSU fashion show, and many, many, long and tedious meetings. Their constant dedication to the betterment and unity of the many racial groups in Lincoln has always been the highlight of the year for everyone involved. Peggy, Mike, and the rest of BSU, we and the rest of Lincoln High thank you!!!

Plymouth Division of Chrysler Motors sponsors state wide trouble shooting contests throughout all the states in the union every year. The contest consists of purposely malfunctioned parts placed in new Plymouth automobiles. Two contestants from each participating school vie against each other, time, and quality trying to find, repair or replace these malfunctioned parts. When the contestants are finished with the automobile, it must be adjusted to factory specifications. The state winners and their teachers are flown to a selected city to compete in the same type of contest, except they would be competing against all winners from every state in the union. National first place is worth $5,000.00, split between the two contestants. Plymouth pays prize money for scholarships down to ten places. Lincoln has won the state contest twice, second twice, and third twice since 1965. We also have a national first place and third place.

MEN'S AND WOMEN'S TRACK AND FIELD 1976

Sprint & men's coach Morgan

Distance & women's coach Lange

With an abundent number of young women aspiring to cultivate another aspect of their life, Lincoln's high school track team set out to shake the foundation of the Metro league. Two state competitors and many varsity letterwomen are returning this year to help stimulate the teams success. When the snow finally starts thawing and the rains slacken, Lincoln's young women harriers will be a dominant force in womens Metro competition.

Students who operate the Lynx Lair are members of the Distributive Education class. D. E. is a field of study that emphasizes education for careers in marketing and distribution; these students are gaining experience in all phases of small store operation.

Members of the class join the national organization, DECA, Distributive Education Clubs of America. The club symbol is the DECA Diamond. The points of the diamond represent the endeavors of the organization--social intelligence, vocational understanding, civic consciousness, and leadership development.

The PAB. A brilliant idea designed to improve school community relations, brought a new spirit to Lincoln in style!! Within only a week some three hundred positive students had become intensely involved with the promotion of good will to all. From a bundle of "thank you" grams to an everyday smile, these special students showed they cared about Lincoln High School. The TOTEM annual staff salutes these fine individuals who spearheaded the newest and most popular club at Lincoln this year.

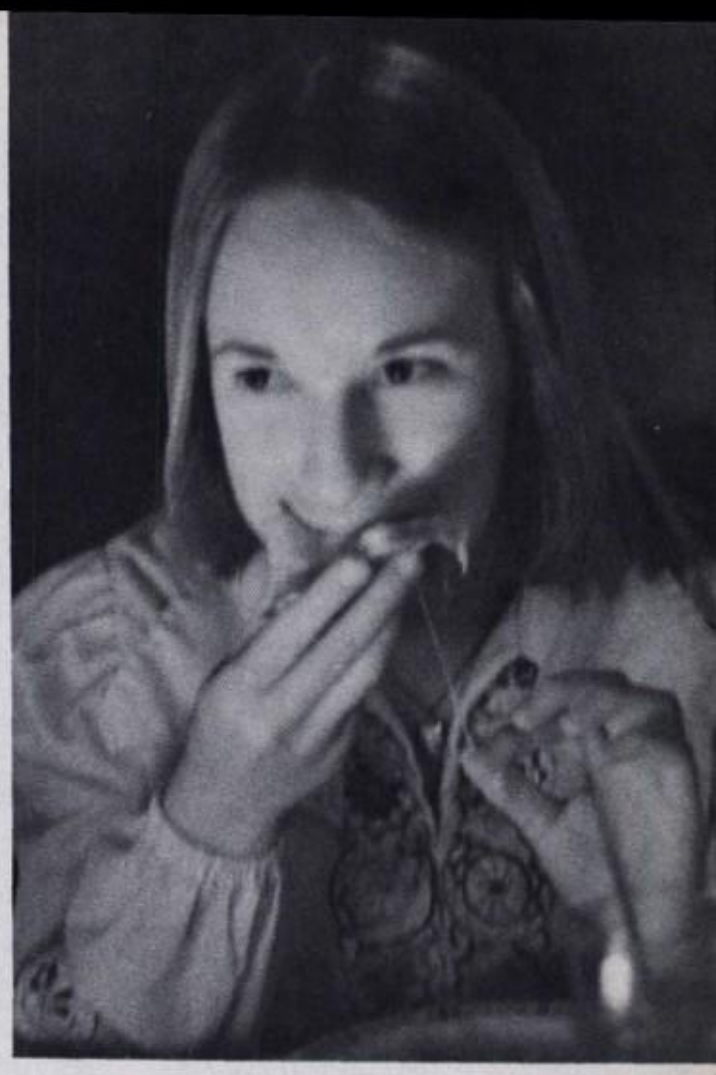
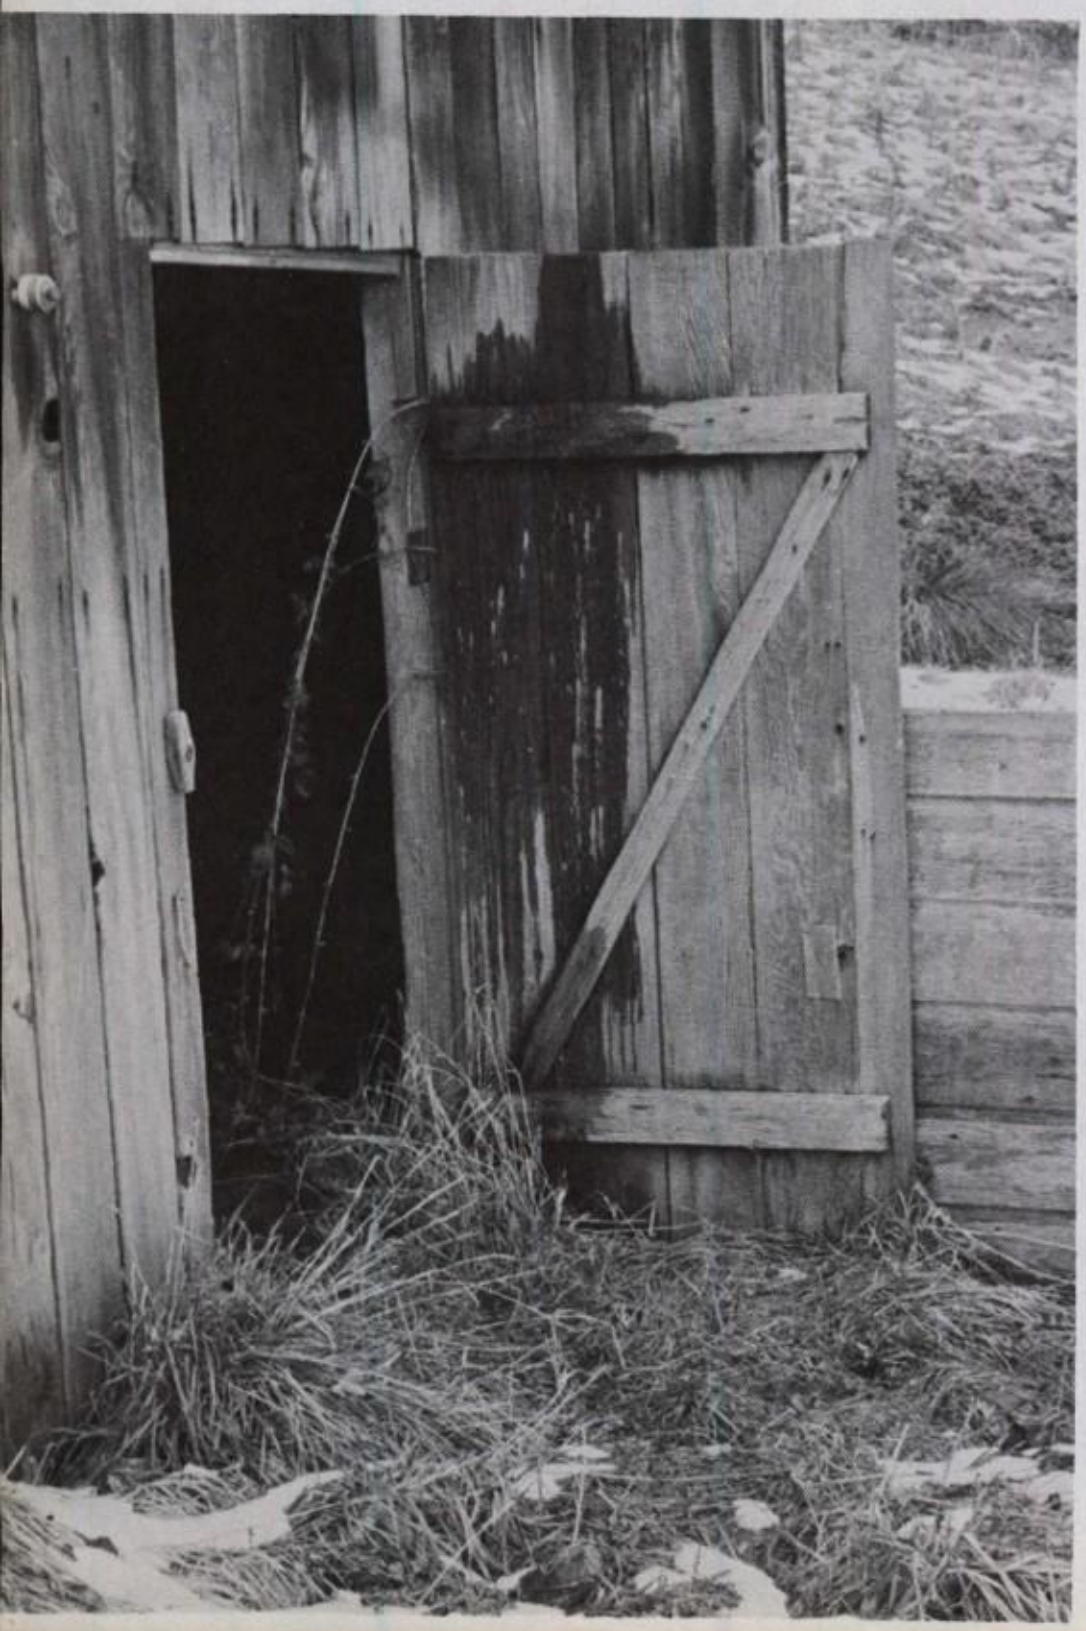
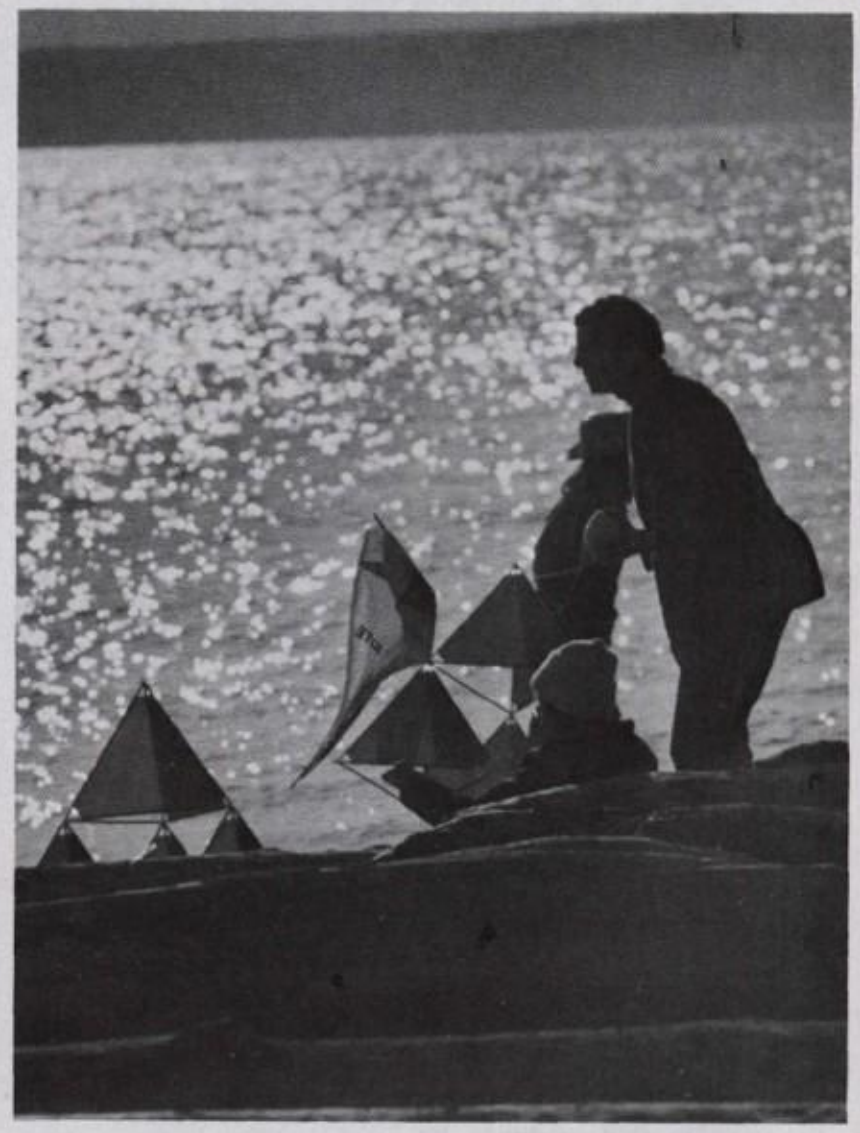
There is only so much time to a given day, with every lengthening shadow it grows even less,

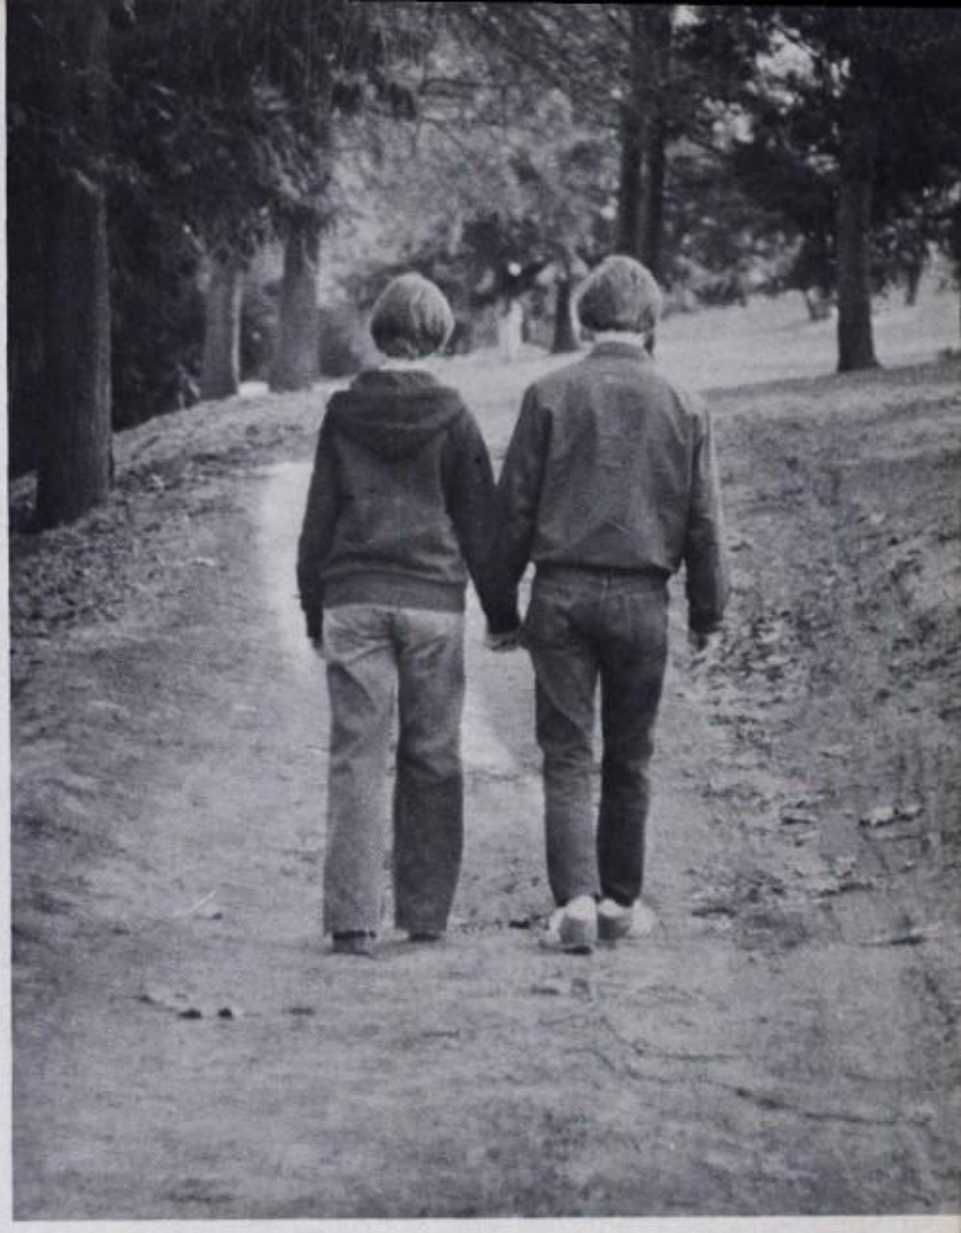


The dark horizon against a faint sky breathes relief.

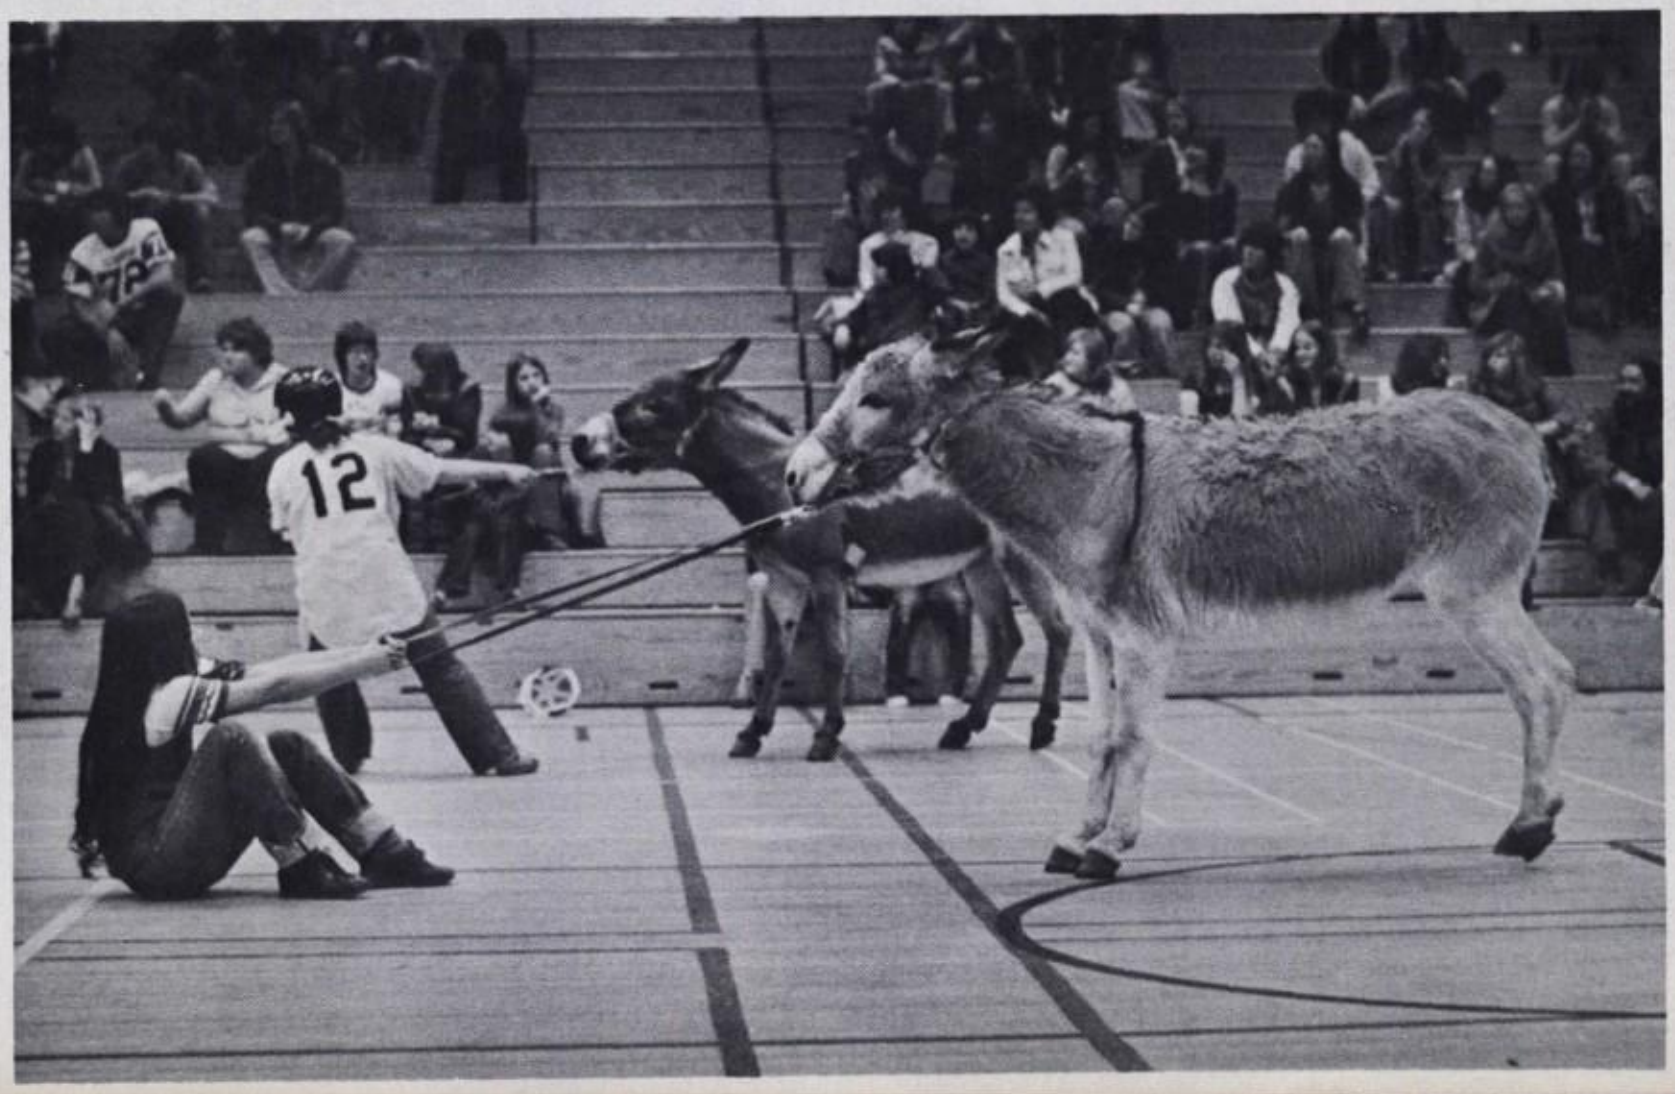
All that is left are the memories of a spent day.



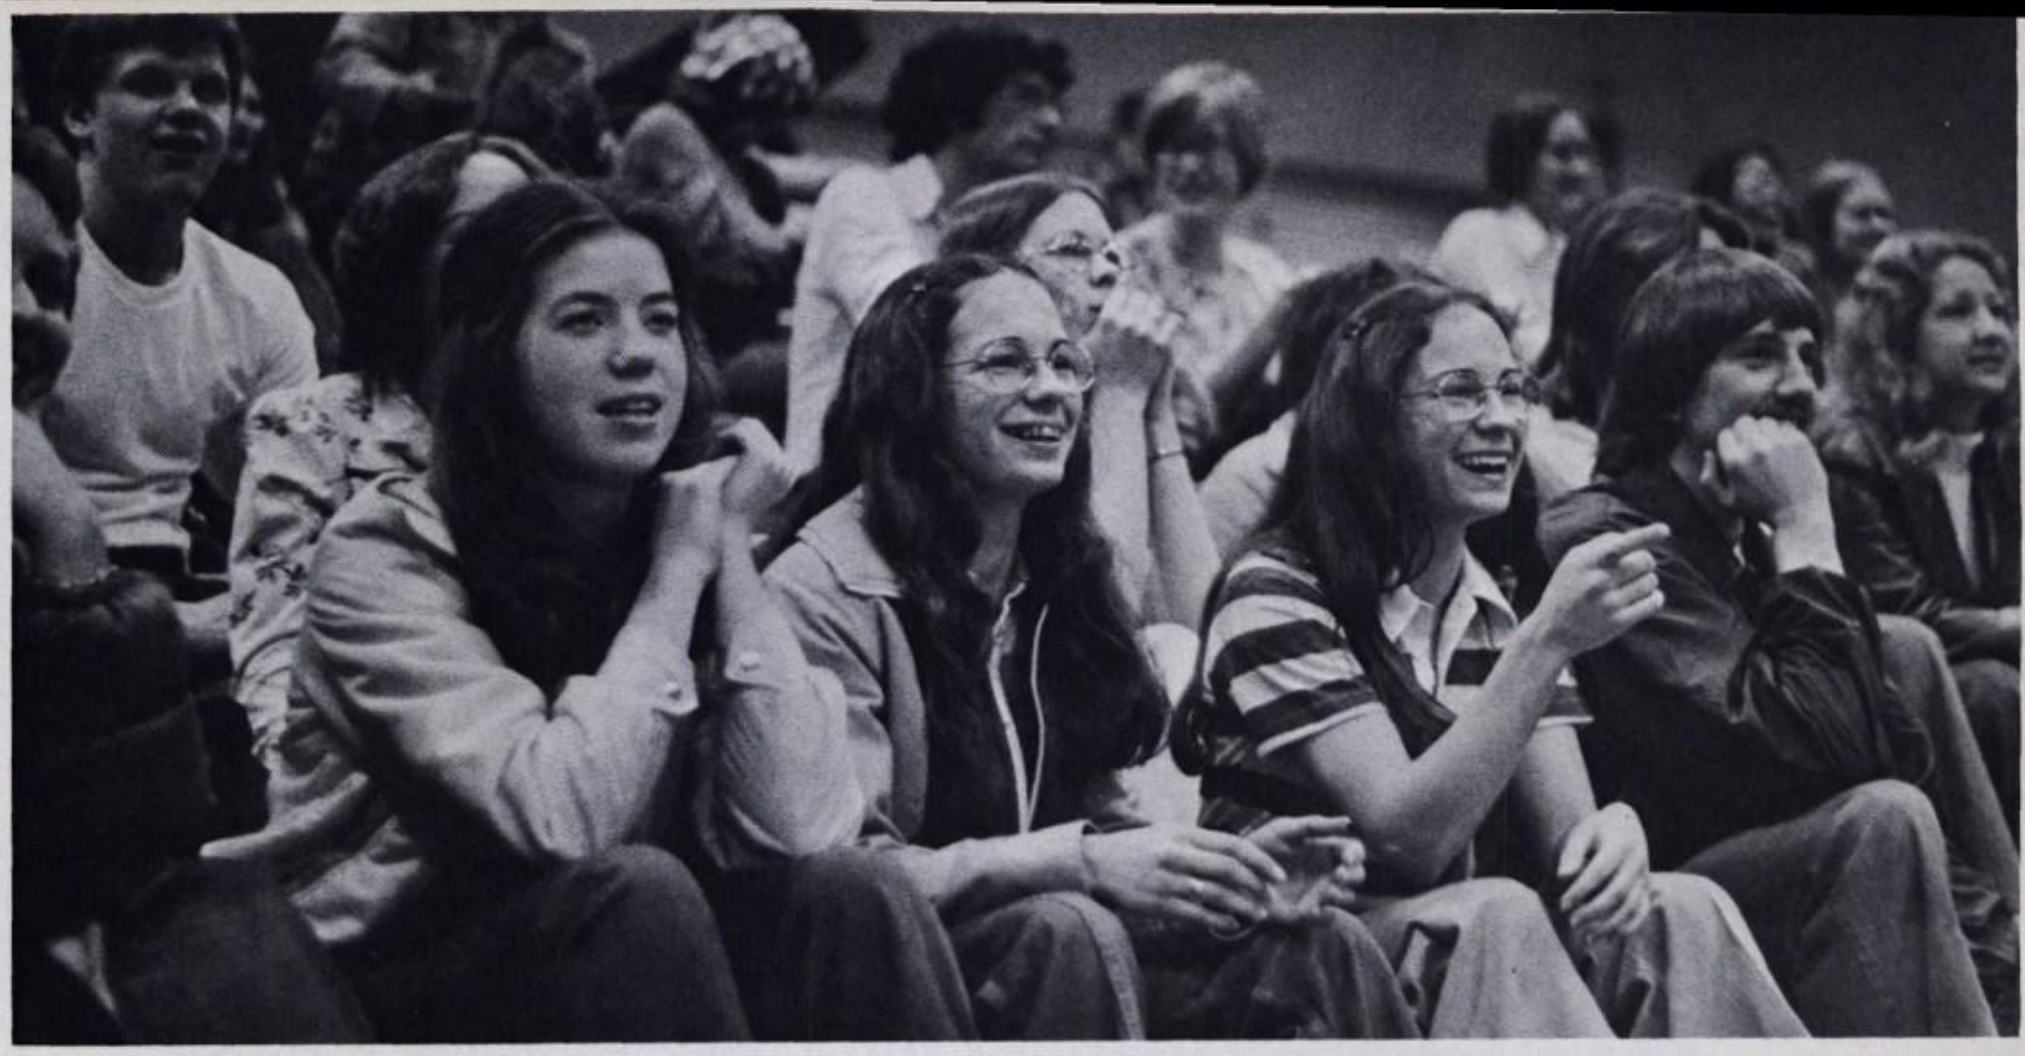




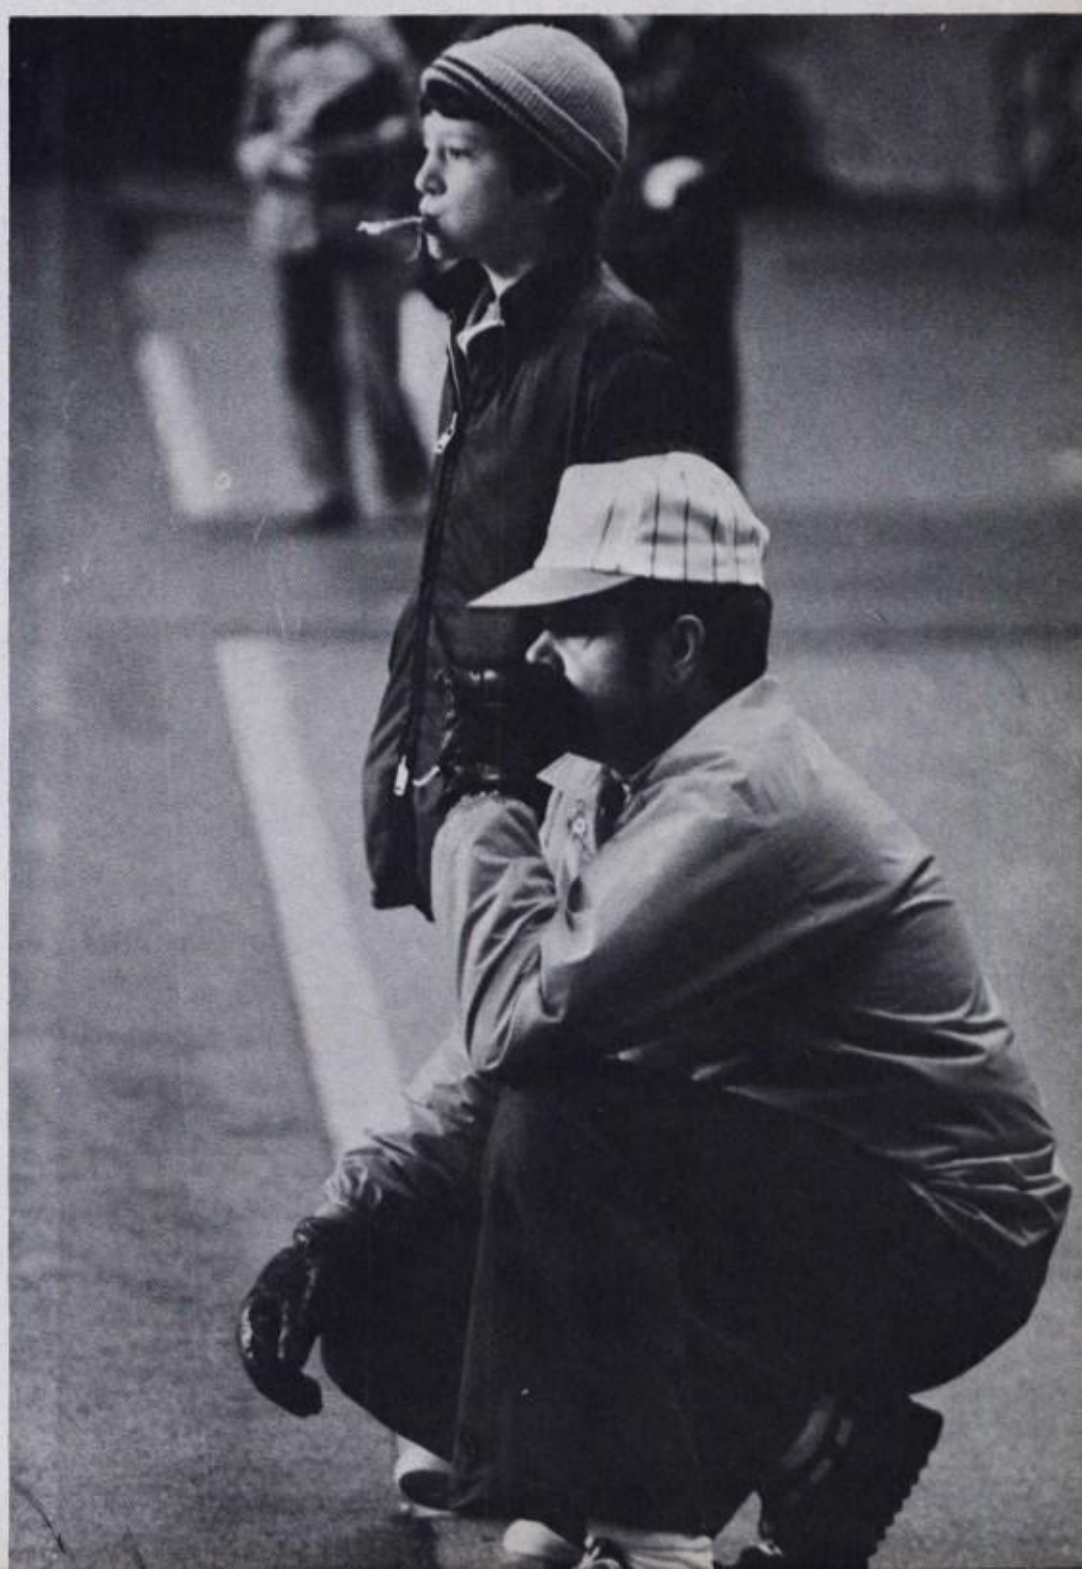
Reflections of people whose lives have touched mine are written in a diary somewhere...

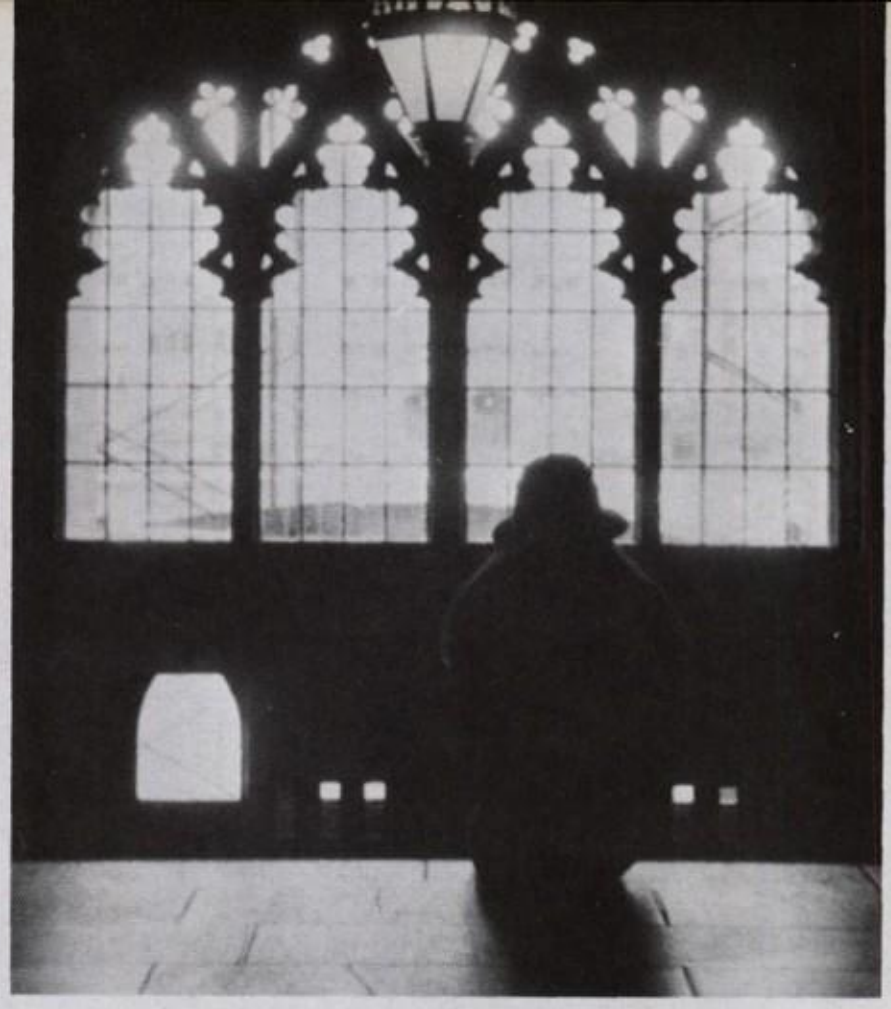


All that I've accomplished and discovered fill a few pages within.



But for those whom I have not yet met, and things still left undone,





I leave a space until tomorrow, and close the book with the dark of night.

Annual Staff would like to thank all the people who helped us make this yearbook great.

Especially Glenn and Betty Secord who set our type and put up with all the hassles we caused;

George Somoff Photography whose picture quality and service were spectacular;

Mr. Jim Palm, Yearbook Co. Representative whose sincerity and concern for our book is as great as ours;

Kent Kammerer who learned how to stay out of the way so Jeff Garlid, Sr. Editor, could direct the assignment and production of our book;

James Gray [Scotty], Head Custodian at night - who showed remarkable patience with our activities and refereed some impromptu football games.

We would also really like to thank Kris Hjort and the rest of the annual staffers that stayed at school so late those last couple of days and really pulled everything together!

Thanks
